

DONOR-ADVISED FUND INVESTMENT SELECTION FORM

All Donor-Advised Funds will have their first \$10,000 allocated to the Money Market Fund. Funds above this amount may be invested in one of our Investment Pools. The Federation may automatically replenish all Funds to a \$10,000 balance on a monthly basis. If you would like a higher cash balance maintained, please let us know.

If you are currently in the Money Market Fund (only), and your fund balance qualifies to invest in a Pool, you may recommend below which Pool you would like your money to be invested in. Your initial Investment Pool recommendation may be made at any time. Investment recommendations received by the 20th of the month will be implemented on the 1st business day of the following month.

Two times per year you will be able to make a change to your Investment Pool selection.
